

LINGORISE

Be the bridge
between cultures

Are you a native English speaker?

Dedicate one hour a week to speak with a Syrian student and help them build confidence and communicate in the language of the world.

- ✦ No teaching experience required — you only need to talk and connect naturally
- ✦ Volunteer **remotely** via phone or computer
- ✦ **Flexible schedule** — choose times that suit you
- ✦ Discover **Syrian culture** through meaningful conversations

The Lingorise Project, by Sciences Keys Association, empowers Syrian youth with language skills, opening doors to education and employment opportunities.
